## STUDENT AREA

### Part 2 – Recording with monitoring mode

For student  
area

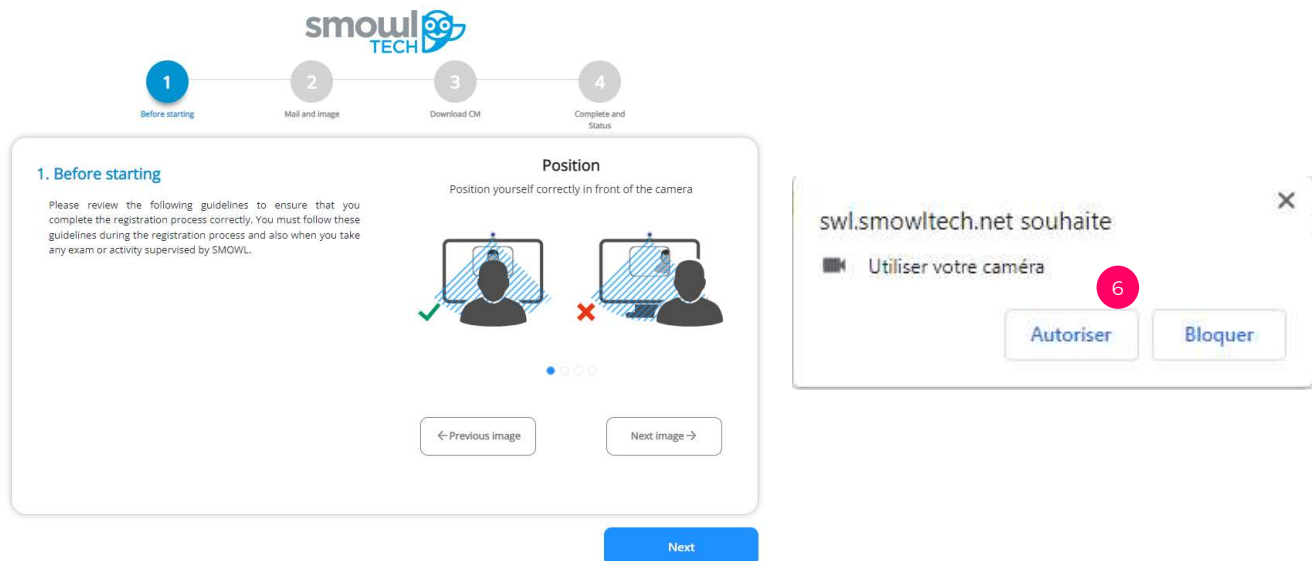

For  
everybody

Access exam  
and monitoring

Are you a student who wants to access your monitored exams on your THEIA platform? You have just started the smowl registration procedure (step (5) on the previous page).

#### RECORDING

1. Once you have authorized activation of your webcam (6), you must complete the following 4 steps:
  - Consult the instructions
  - Accept the terms and conditions, register and take a passport photo
  - Present your identity card
  - Validate your registration

The platform will automatically guide you step by step through the registration process.

#### **Registration must be made at least 48 hours before the day of the event.**

2. Once your registration has been validated, on the day you can click on the button to access your test (7).

Please note: clicking on "Access" will start the exam. If a composition time is scheduled, the timer will start, and your exam will officially begin.
