Are you a THEIA platform user looking to connect? Here's what you need to know to make sure you're using the right method.

### CHOOSING THE RIGHT CONNECTION METHOD

## THEIA Account

A THEIA account is an account created specifically for a THEIA platform. To log in with such an account, you need your login (1) and your personal password (2).

Your login corresponds to the format:

{institution code}.{personal login}

Le mot de passe a été défini par vos soins à votre première connexion et n'est connu que de vous.

## AZURE Account

Connectez-vous

If your school uses Microsoft AZURE accounts, simply click on option (3). If you are already connected to your AZURE portal on the device you are using, you will access your platform directly. If not, you will be redirected to your AZURE connection portal and will be able to enter your usual connection information.
